Another point for consideration is that of Police Officers, the Education Dept who have put in less than 5 years service and one included in the Establishment ~~Dept~~ ~~Prisons~~ who say that they intend making Mysore their permanent home. Is their intention now declared is enough to give them domicile is for others. The case is covered provisionally included in the SH.

53 The information received from the Heads of Departments is not enough to frame a correct and -- complete reply to the interpellation. The note re what constitutes domicile has not been clearly understood by all the Heads of Departments and their -- replies are not all framed on the same basis. For example:- (1) Mr. Metcalfe has been taken as domiciled by over five years' stay in Mysore while Mr. Bowrin is not. This is anomalous. (2) The I.G of Education seems to think that nine officers who are not native of the State and have been here for less than 5 years are domiciled because they have a present intention of making Mysore their permanent home. But mere -- intention without acquiring property etc., is not enough to give domicile.

54 For framing a correct reply on one consistent basis, full and clear particulars re property -- acquired and intention to settle in the State will have to be got for all individual cases.

55 There is no time to get this additional information. The interpellating member may, therefore be informed that the information is being collected and will be furnished to him when complete.

56 In the meanwhile the additional information required will be called for. Draft reply as above submitted for approval.

A Complete list of officers born outside the State is prepared & put up - as per information received -

89 In an interpellation at the last Session of the A.A. regarding the Number of non-mysoreans in State Service & the total amount of Salary drawn by them: a reply was given that information would be collected & list of officers born outside Mysore and information re their intention to stay here & also properties they have acquired have been obtained & consolidated.

90 Before framing an answer to the interpellation the following points have to be settled: —

(1) Should a person who has lived in the State for five years be considered a Mysorean if he does not intend to stay here

permanently? and ~~whether he has~~ if he has not acquired immovable property?
That is: Is four years' stay in the country enough to give the person a domicile?

Serial No.

51 It is submitted in answer that if intention to make ellpore the home is not denied, four years stay is sufficient to constitute domicile. If the intention is denied the stay does not constitute domicile.

52 Thus nos 1 & 2 in the list would be considered as ellporeans for the purposes of the answer - and nos 8, 9, 15 & 63 as Non Mysoreans.

Acquisition of immovable property need not be insisted on for constituting domicile, nor in the absence of 5 years stay or intention to make ellpore the home can it constitute domicile by itself.

53 If instructions are issued on these points the ~~individual~~ cases will be classified and the totals ascertained - (Vide also paras 5 & 10 of notes above)

probably serve to answer the question put by the member, in the manner desired by him. The ~~question~~ interpellation was itself not quite clear as to what was intended by the term "Non-Imposeans". The present information has been gathered with a great deal of labour and after a considerable time, and to make something of it, the points raised in the Asst. Secy's note above may be answered in the affirmative, and the compilation of the information completed. It would however have been best to have told the member that ~~the~~ in view of the indefiniteness of the term "Non-Imposeans" in his interpellation, the information asked for could not be gathered or supplied.

Sir,

In reply to your question (No.5) during the last Dasara Session of the Representative Assembly regarding the number of Non-Mysoreans in the State - Service drawing Rs. 100/- and above, I am directed to state that owing to want of a correct definition of the term Non-Mysorean, it has not been found practicable to collect reliable information in the matter. The information obtainable from the Departments has ~~however~~ been compiled on the understanding ~~however~~ that by Non-Mysoreans are meant - foreigners not likely to settle or -- claim domicile in Mysore and I am to state that on this basis the number of Non-Mysoreans on Rs.100 and above in the Service of the - State is 86 and the salary drawn by them is Rs. 58721 per month. All Europeans and Anglo Indians have been considered as Non-Mysoreans in compiling the figures.

I have etc.,

Offg. Chief Secretary to Govt.
